

Direct Exchange Reporting Expanding to LATAM for J&J's MDR

FOR IMMEDIATE RELEASE

January 30, 2019 - New York, NY - Jordan & Jordan's ("J&J") Market Data Reporting (MDR) service has expanded its support of Latin American exchange reporting. MDR currently reports to Brazil's B3 Exchange and the Santiago Exchange. The service has now implemented the policies for and will report to Bolsa Mexicana de Valores (BMV) and Bolsa Institucional de Valores (BIVA) starting in February 2019. In addition to Latin America, MDR provides reporting to all major exchanges across the US, Europe and Asia Pacific.

As George Francis, Director, Market Data Services noted, "We are focused on the continual growth and expansion of MDR to provide our clients with the best exchange reporting service. MDR provides a disciplined process for exchange reporting allowing the capability of direct reporting to exchanges which ensures consistency and potential cost savings."

For companies grappling with managing exchange reporting, J&J's MDR provides an automated solution that ensures reporting is done in a timely, efficient manner while mitigating client audit liability in the long run. Leverage Jordan & Jordan's extensive market data industry knowledge to better manage your exchange reporting.
